## *Vintage*

The 2019 vintage was cooler overall with some rain in May which delayed the ripening process a bit and allowed for a later harvest time period. Crop size was average to slightly above average for Russian River Valley Pinot Noir, and allowed for a longer ripening period for fuller flavor development.

## *About The Player*

This wine is the second in our series inspired by our co-founder, Shawn's, love of Soccer. Just like its predecessor, Crossbar, this 2019 Pinot Noir is big, brooding, and bold from hillside plantings in the west-side area of the Russian River Valley. Dark and stormy for players who love the game.

Intensely dark blackberries, cherries and cassis from hillside plantings in the west-side area of the Russian River Valley. Dark and stormy for players who love the game.
