Vintage

The 2020 vintage was challenging for so many, however the wines produced from this vintage are extraordinary. The mild winter and spring was followed by a summer marked with significant heat spikes. This rushed along the growing season and resulted in a welcomed early harvest which allowed us to pick the Zin prior to the first wildfires.

About The Zin

This 2020 Zinfandel marks our first ever red wine that is not a Pinot noir! The Zin comes half from Alexander Valley and half from Dry Creek Valley. The Dot Wine team was lucky to work with small lots of Zinfandel during this challenging growing season and fire laden vintage, making this wine in defiance of the LNU wildfires.

Mulberry and blackberry flavors dance out of the glass with plenty of cigar-box price aromatics.
